What do you most like about your job?

All of the wonderful people with whom I have the opportunity to work.

What is the funniest thing that has happened at work since you've been with IBAT?

About 1-1/2 months after starting to work for IBAT, I attended my first LD Conference at Moody Gardens in Galveston. We were preparing to go out on our dinner cruise and needed to pick up some supplies at the hotel. A fellow staffer and I volunteered to go after the supplies and borrowed a golf cart to aid us in our effort. After picking up the supplies we were climbing a hill on our way back to the boat and ran out of "juice" and started rolling down the hill - backwards! My fellow staffer and I took turns pushing while the other drove. Seeing our struggle, one of our members helped us push the cart back to the boat. I later found out that I had my first meeting with the incoming LD President, Susan Turner Pierce!

What is the biggest thing that has happened at IBAT since you've been here?

Management agreement with National Subchapter S Association
